1. Grouped Fields Tests

Each following page covers one group type. Page 1 holds the signature.

Signature

2. Text Group

Three required text fields in one group. Filling any one fills all of them.

Text group (fields A, B)

Text group (field C, full width)

Ungrouped optional text

3. Number Group

Two number fields sharing a min/max rule. Filling one fills both.

Number group (fields A, B)

4. Dropdown, Name and Email Groups

Shared value groups for the remaining field types.

Dropdown group (fields A, B)

Name group (fields A, B)

Email group (fields A, B)

5. Radio Group

One group across three fields, each with its own options. Only one can be selected.

Radio group (fields A, B)

Radio group (field C, pre-checked)

6. Checkbox Groups

Each field has its own options. Validation rules apply to the whole group.

At least 2 across the group (fields A, B)

Exactly 1 across the group (fields A, B)

At most 2, optional, pre-checked (fields A, B with hidden labels)

7. Cross Page Group

Field of the text group from page 2, to verify groups span pages.

Text group (field D)
